Rescuers Work Frantically To Reach 22 Miners

Rescue Of Eight Alive From Kentucky Mine, Spurs Efforts To Reach Remainder

OFFICIALS FEAR EFFORT TOO LATE

(BULLETIN)
PINEVILLE, Ky., Dec. 29.—(INS)—Rescue workers, cheered by favorable hospital reports of eight survivors brought out of the Kentucky Straight Creek coal mine, near the spot today where 22 others still are entombed.

Search parties, despite continued fires, succeeded in getting fans in operation at the place where nine men, one of whom died, were found yesterday after more than 50 hours in the mine following Wednesday's explosion.

Eight of the miners were found alive yesterday. One died before he could be brought from the mine.

Rescue of the men brought a new spark of hope to anxious families and relatives that the others would be reached within a few hours.

There was no such optimism from officials at the mine. It was reported by survivors that the blast apparently occurred where the other men were working, about 200 miles from the mine entrance.

The men still trapped in the workings were believed to be about 300 feet away from "five left" in the room where the nine survivors found this far were discovered.

Seek To Barricade Fire
J. F. Bryson, safety director for the Harlan County Coal Operators' association, said that between 200 and 300 workers were attempting to barricade the raging fire so that some of their number could continue searching for the men still trapped.

All the miners rescued were unconscious when found. Rescue crews reported they were gasping for breath.

PA NEW OBSERVES

New Castle citizenry plan to spend New Year's eve in various methods it is indicated. Many will be found in places of worship, watching the old year out and welcoming the new one in a solemn manner, while others will spend their evening in a more hilarious manner, perhaps wondering Tuesday morning when the New Year really did come in.

From one of the oldtime residents of the city who "knew New Castle when" comes the question of why, in the present need for places to live by returning veterans and their families, the upper and unused floors of downtown business buildings could not be utilized. "When I was first married," she said, "people lived in apartments in the upper floors of buildings all along Washington street."

Moderating weather of the past day or two is aiding in clearing streets and sidewalks of ice and snow. Most streets and sidewalks, except those that had been cleared, have been in treacherous condition during the past week.

Monday will end the Victory Bond campaign. Lawrence County still has a chance to reach the E. Bond quota with a sprint in the last day.

New Year's Eve Plans Being Made In State

HARRISBURG, Dec. 29.—(INS)—New Year's eve celebrations in Pennsylvania will range from a quiet evening at home or the movies to all the hoopla associated with \$11.50 cover charges.

While many hotels and night clubs will attempt to "crack the nut," i. e. make expenses, by imposing minimum charges, some swankier spots have made arrangements for floor shows, confetti, noisemakers, name bands and a small bottle of champagne for \$11.50 a person.

Some places plan to tempt celebrators with supper for \$7.50, some will level a flat \$3—the most popular (Continued on Page Two)

Philadelphia Not Likely To Be U.N.O. Site

LONDON, Dec. 29.—(INS)—Philadelphia, leading city of Pennsylvania and birthplace of American independence, today appeared eliminated as a possible choice for the permanent headquarters of the United Nations organization.

A committee appointed to inspect American sites beginning next week was reported to have narrowed its choice to the areas around Boston and New York City.

Huntingdon Gilchrist, U. S. delegate, was named chairman of the committee, with Geoffrey Wilson of Britain, associate secretary. Clyde Nicholls of the United States was appointed secretary.

Other members of the committee include representatives of China, France, Iraq, Uruguay, Yugoslavia and Britain.

The site committee was directed to concentrate on the areas within 60 miles of Boston and within 25 to 80 miles of New York City.

Specific localities mentioned in the directive to the committee were the Blue Hills, Middlesex, Felt, Concord, Lexington, Worcester, Auburn, Plymouth, Providence and the north shore area in the Boston region.

The localities neighboring on New York City were Westchester and Dutchess counties, Hyde Park, home of the late President Roosevelt, the regions along the New York state-Connecticut border (Ridgefield, Conn.), Princeton, N. J., and Kingston, N. Y.

The committee will be empowered to seek other sites in the two main areas specified, but only the above named localities sent invitations.

Richards Gets Fine Promotion

B. & O. Terminal Trainmaster Here Will Become Trainmaster Of Pittsburgh Division

Announcement is made today of the promotion of Charles Richards, terminal trainmaster of the Baltimore & Ohio railroad to trainmaster of the Pittsburgh division, which becomes effective on January 1.

Mr. Richards will be succeeded by Selby O'Neill, who has been night terminal trainmaster at Willard, O.

The promotion comes as recognition of the fine service rendered the company, particularly during the heavy war years. Mr. Richards, a New Castle boy, came back here from Akron, O., to serve as terminal trainmaster two and a half years ago. He has been with the Baltimore & Ohio railroad for 20 years, rising from the ranks to a position of high trust.

The Pittsburgh division is one of the largest on the entire B. & O. system, and his new position will be one involving greater responsibility, which he is well qualified to meet.

Mr. O'Neill, who comes here, has also risen from the ranks on the B. & O. system. He is a native of Willard, O.

Seeks Permit For Air Express Line

HAVANA, Dec. 29.—(INS)—Sugar producers today called on the Cuban government to facilitate distribution of available supplies to the United States.

At a general meeting, the National Association of Sugar Mill Owners adopted a resolution recommending authorization for immediate grinding of sugar cane during harvesting of the crop next month.

The resolution, which was sent to President Ramon Grau San Martin, also asked permission to ship sugar supplies to the Commodity Credit corporation as soon as they are available to care for American needs without waiting for signing of contracts.

Street Car And Truck In Crash; Report Six Dead

Hunt For Possible Additional Victims Of Tragedy In Chester Area

SEVEN OTHERS ARE CRITICALLY HURT

CHESTER, Pa., Dec. 29.—(INS)—A grim search began today among the embers and wreckage of an oil truck and street car for additional victims of a flaming collision which has already claimed at least six lives.

Police, unable to determine whether the truck had more than one occupant or how many passengers had been aboard the trolley, pressed an investigation into the tragedy.

Seven other persons were burned, four critically, in the tragedy which occurred on an Essington industrial highway near the Delaware state line.

Essington is about four miles south of Chester.

Certificate Of Marriage For Hitler Found

NUERNBERG, Dec. 29.—(INS)—One of the greatest mysteries of modern times was solved today with the discovery of the original marriage certificate issued to Adolf Hitler and Eva Braun.

The marriage certificate, dated April 29, was found among Hitler's private and political treasures.

Discovery of the document was announced by Lt. Gen. Lucien K. Truscott, commanding the United States third army.

Rumors have been current for years that Hitler had married his long-time sweetheart but this document furnished the first definite proof.

Pictures of Hitler and an unidentified child, thought to be theirs, were found earlier.

The marriage certificate was witnessed by Nazi Propaganda Minister Joseph Goebbels and Deputy Fuehrer Martin Bormann.

Goebbels is dead. Bormann currently is on trial for his life in absentia as a war criminal.

Man Is Hanged For Killing Girl

MOUNDSVILLE, W. Va., Dec. 29.—(INS)—The body of William Turner, who was hanged for murder at the West Virginia state prison farm at Moundsville today, was sent to his home in Newburg for burial.

The 26-year-old slayer was put to his death for the brutal slaying of a 15-year-old Daria Dean Pratt last July.

Turner, walked on the gallows steps unhesitatingly and went through the trap at 9 p. m. He was pronounced dead at 9:15 by a prison physician.

Before Turner died he told his attendants:

"I know I've been bad, so forgive me and good luck to all of you. You've been swell to me."

Turner was executed for the "gangland" fashion murder of the 15-year-old high school pupil because she "messed in his love affairs." He shot her from the window of a passing automobile as she stood in front of her father's store in Newburg.

1945 Crime Record Shows Slight Rise In Lawrence County

Little increase in crime was seen in Lawrence county in 1945, according to District Attorney Leroy K. Donaldson who today makes public facts and figures showing the disposal of cases before him in 1945. In his statement Mr. Donaldson says:

"War Affects Crime"
"Four hundred years ago, Sir Thomas More, the author of Utopia wrote that 'Wars create a delight in robbing and stealing.' History seems to confirm that observation. One of the costs of war is the risk of more crime. A surge of crime

Enjoy New Year's Eve Says Official

CHICAGO, Dec. 29.—(INS)—Chicago's new police commissioner John Prendergast, can go along with a New Year's eve celebration. Said he to the populace:

"Enjoy yourselves to the hilt, you've got it coming after long, weary years of war. But be careful when you drive or walk. Let's make this a New Year's unmarred by tragedy."

Prendergast takes over from Commissioner James J. Altman next Tuesday, New Year's day.

Plan January Victory Drive For Clothing

Urge Public To Donate Clothing To Aid Needy Peoples Of War Zones

85,000 ARTICLES GOAL IN COUNTY

Victory clothing collection will be conducted in New Castle, throughout Lawrence county from January 7 to 31, it is announced.

The organization to carry out this work is now being formed with Austin A. Webb as general chairman.

The residents of Lawrence county are asked to give all kinds of wearing apparel which is to be used to clothe the unfortunate peoples of Europe, China, the Philippines and other countries where the need is greatest.

Last Drive Success
"The United National Clothing Collection of last spring was a great success and was a credit to the generosity of the people of New Castle and Lawrence county. It is hoped that this drive will enjoy as much success," said Mr. Webb. "It can be accomplished if everyone will work a bit harder and take as much interest in this drive as in the previous one."

All clubs and organizations of the city and the county are asked to support this drive and to contribute in what way they can to its success.

Question Husband In Mystery Death Of Wife In Home

Bethlehem Realty Dealer Quizzed; Wife's Body Covered With Bruises

BETHLEHEM, Pa., Dec. 29.—(INS)—John Rozsa, 56, a Bethlehem realty dealer, underwent police questioning today in connection with the mysterious death of his wife, Theresa, 52.

The woman's body, purportedly covered with bruises, was found on the dining room floor of the Rozsa home.

Northampton County Coroner Dr. D. F. Bachman said Rozsa and his wife had been quarreling since Rozsa came home from Europe to find his wife, wanting a divorce, is sitting behind the wrong side of a Tombs cell door nursing unabated bitterness.

"It looks to me as if your wife has been beaten," Rozsa he added, denied he had beaten his wife, asserting:

"No, no. She was lying on the floor and I thought she was asleep."

Dr. Bachman notified city police and District Attorney Stanley K. Fehr that the circumstances surrounding Mrs. Rozsa's death "should be investigated." Rozsa then was taken into custody for questioning.

The woman, according to Dr. Bachman, had a severe wound on the back of her head several broken ribs and bruises of the face and body.

Washington, Dec. 29.—(INS)—The new GI Bill of Rights which liberalizes veterans' loans and educational benefits was law today following its signature by President Truman.

The measure was one of sixty-four bills, including one extending for six months the Second War Powers Act, which the president signed Friday before leaving on a cruise down the Potomac.

Congress worked out the new measure after a flood of criticism that the 1944-passed GI bill was loaded with red tape which made it difficult for veterans to obtain intended benefits.

In signing the bill extending the Second War Powers Act for six months after December 31, 1945, Mr. Truman asked that congress consider and enact suitable legislation to extend the government's power to deal with shortages after that.

The president said that an extension of his emergency powers for six months will not meet the full needs of reorganizing the country and combatting inflation.

INVOLVED IN LOVE TRIANGLE

Two soldier heroes of the war and the beautiful ex-model wife of one are involved in a "triangle" shooting in New York. The principals: Capt. Eugene Dale, 27, survivor of the Bataan "death march," who died in a hospital today; Capt. Archie R. Miller, 25, who is booked on charges growing out of the shooting and Fay Miller, Mrs. Miller told police she fell in love with Capt. Dale while her husband was overseas and that she realized shortly after her marriage that it was a mistake. Pictures show Miller, full length, Dale and Mrs. Miller.

Wound Fatal To Capt. Dale

Survivor Of Bataan Death March Dies Of Wound Inflicted By Jealous Husband

NEW YORK, Dec. 29.—(INS)—Death finally caught up today with Capt. Eugene Dale, who lived through the Bataan Death March but could not survive the jealous rage of a fellow veteran.

The 27-year-old Air Force officer, in severe pain since early yesterday morning when three bullets were pumped into his body in a fight over a beautiful former model, breathed his last at 8:30 a. m. in Roosevelt hospital.

Comely Fay Hancock Miller, the blond pinup girl whose affection he won with fatal success, was not with Capt. Dale when the end came. She had gone into seclusion at an undisclosed address, with the permission of police.

The third member of the triangle—the man who came home from war in Europe to find his wife, wanting a divorce, is sitting behind the wrong side of a Tombs cell door nursing unabated bitterness.

Capt. Archie Miller, 25, of Bellevue, Tex., who expressed surprise that Dale did not die sooner, was booked originally on a felonious assault.

The latest victims of the gas poisoning were Mrs. Sylvia Cutler, 53, her twin sons, Gerald and Alan, 14 and 12, and John Sussman, 84. All live in Pittsburgh.

Allegheny County Coroner W. D. McClelland appealed to the public to recognize the measure as involving serious and deadly gas.

Utmost Caution To Be Observed By President

Exchange Of Atomic Energy Information With Other Nations To Be Meagre

BYRNES TO JOIN TRUMAN ON YACHT

(BULLETIN)
WASHINGTON, Dec. 29.—(INS)—Secretary of State James E. Byrnes returned to Washington at 11:04 p. m. (EST) today and announced he will go on the radio "promptly" to report on his Moscow mission.

By John A. Reichmann
A. N. A. Staff Correspondent

WASHINGTON, Dec. 29.—President Truman was reported today as being determined to move with the utmost caution in the disclosure and exchange of atomic energy information with other leading powers.

Information to this effect was circulated in Washington, especially on Capitol Hill, where some of the legislators expressed concern over disposition of atomic secrets.

At the same time France was reported to have dispatched letters of inquiry to Washington, London and Moscow asking clarification of certain phrases of the Moscow communiqué.

France was anxious to know more about the Balkan peace treaties since she will not participate in the original drafting. That nation is also anxious to learn more about the veto power which can be exercised by the Big Four—the United States, Britain, Russia and China—in the Far East.

Congress Will Watch Moves
In connection with the report on Mr. Truman's determination to proceed cautiously with atomic information, observers emphasized the wording of the authority in setting up the Control Commission. While the commission is directed to go ahead with "the utmost dispatch" it is only empowered to inquire into various phases of the atomic problem.

Theodore Dreiser, Great Novelist, Taken By Death

Author Of "An American Tragedy" And Other Novels Dies Suddenly In Hollywood

HOLLYWOOD, Dec. 29.—(INS)—Death found him, "king" of America's truly great novelists.

Theodore Dreiser, 74-year-old author of "An American Tragedy," succumbed to the effects of a heart attack after battling valiantly for his life throughout the day.

Stricken at his Hollywood home at 3 a. m. yesterday, he died at 8:45 p. m. With him during his last hours was his wife, Mrs. Helen Dreiser.

Friend of the family said he had been in excellent health until the heart attack.

Just Finished Novels
Death came just after he had finished two novels, his first in 20 years. One of them, "The Bulwark," will be published in March while the other, "The Stone," still is in manuscript form.

The famous widow was seen in Peter Hays, Inc. in 1937. During his early life, he was a reporter on several middle western newspapers. He was 44 years old when he was authorized his most noted work, "An American Tragedy."

Sues Companies As 'Pop' Bottle Explodes In Face

DETROIT, Dec. 28.—(INS)—Benjamin Levinson, assistant treasurer of the Democratic National committee, filed a \$40,000 damage suit in Federal court today because a bottle of soda water had too much "pop".

Levinson charged that he was cut by flying glass when the bottle of soda water exploded in his face.

Defendants named in the suit were Cantrell and Cochran, Ltd., of New York, alleged producers of the water, and Owens-Illinois Glass Co. of Toledo, which supposedly manufactured the bottle, and the Pullman company, in whose car Levinson claims he purchased the bottle.

The fourth defendant was the Baltimore and Ohio Railway, said to be pulling the Pullman car containing the bottle containing the soda.

Levinson claims that he suffers partial facial paralysis as a result of the June 20 incident.

dollars in court costs and expense. Every defendant that asked for a jury trial was found guilty.

108 Felonies

The docket records for 1945 maintained by the office of the district attorney show that 108 cases, or approximately one-fourth of the total involved felonies. Offenses against property supplied a large number of felony cases; for example, such crimes as burglary, larceny, and receiving of stolen goods total 68 cases. On the other hand, there were only five cases of robbery and attempt to rob, crimes that involve theft by threat or personal violence. There were 14 so-called "white collar" crimes such as forgery, blackmail and cheating by fraudulent pretenses. Sex offenses, some of which were felonies and others misdemeanors, totaled 58. There were 40 cases of sex misconduct in 1944. Other felony cases involved a suicide attempt to kill, and felonious assault and battery against a person.

Domestic Relations Cases

"Domestic relations cases totaled 118. These included desertion and non-support of wives and children and also cases involving failure to support children born out of lawful wedlock. These statistics, and the rising rate of divorce application mean that a large and an increasing group of growing children in the community are denied the birthright of a happy home.

"The offense of operating a motor vehicle while under the influence of intoxicating liquor continues to be an outstanding misdemeanor. A total of 34 cases of so-called 'drunk driving' recently attracted the attention of the court in 1945. All defendants charged with this offense entered pleas of guilty, and a total of 34-

46945 in fines and costs was paid this year into the county treasury by this group of offenders.

"Some of the other cases prosecuted in 1945 by the district attorney's office included violations of the liquor control and beverage license laws, the lottery laws, vehicle code, and uniform firearm act, totaling 51 cases. Violations of the public peace, disorderly conduct, surety of the peace, and assault and battery, totaled 27 cases.

Rackets Pay \$10,543

"Racket prosecutions, involving violations of the lottery laws, resulted in the collection of \$10,543.75 in fines, costs and forfeitures. The total of fines, costs and forfeitures collected in all criminal prosecutions and paid into the county treasury during the year was \$21,476.96. More than \$80,000 in fines, costs and forfeitures were paid into the county treasury during the term 1942-1945.

"Any success that our office has attained in the past four years is due to the confidence and co-operation of the public in our efforts and to that of the personnel of other law enforcing agencies and departments in the city, boroughs, townships, county and state. It is our hope that we may prove worthy of such trust and confidence in the months and years that are ahead."

belief, there are six corpses, including that of a child.

"The condition of the bodies is such," he added, "that I do not want to be too positive, but I do feel relatively sure that the total is six."

Only one of the dead has been identified. That was the body of Peggy Ray, five, of Lester, Del. The other bodies, trapped two hours in the shattered, burnt-out wreckage of the trolley and the truck cab, were so distorted it was impossible to identify them as men, women, adults or children.

Police have thus far been unable to determine the cause of the tragedy, the two vehicles wedged together and burst into flames as all from the smashed truck, a 4200-gallon fuel capacity vehicle, showered over them.

Two of the critically injured were the dead child's mother, Mrs. Jane Ray, 25, and three-year-old sister, Beverly. Howard Ray, the father, and Howard Jr., seven, were less seriously burned.

Others Injured

The others injured were: Miss Anna Yadosinczak, 30, of Lester, condition critical; Miss Anna Baronsky, 30, also of Lester, seriously burned but not critical; J. J. O'Kane, 42, Philadelphia, motorman of the ill-fated trolley, burns about the head.

Fire apparatus from Philadelphia, Chester and surrounding communities rushed to the scene of the mishap, but the fire gained rapid headway and was practically burned out before firemen arrived.

Another of the bodies was tentatively identified as that of Abraham Denowitz, 24, of Philadelphia, driver of the oil truck. State police said they had been informed by the Denowitz truck firm which owned the truck that Denowitz was the operator.

Police said there were no eyewitnesses to the tragedy, but from the position of the wreckage investigators surmised that the operators were blinded by snow flurries or perhaps were unable to stop on the slippery roadway.

A survey of air express shipments to department stores throughout the country shows that 53 per cent of the total originated in New York, 7 per cent in Philadelphia, 6 per cent in Chicago, 4 per cent in Boston and 3 per cent in Los Angeles.

Regular Hours

Regular hours will be observed New Year's eve, according to the State Liquor Control board. Sales must cease at 2 a. m. Tuesday.

OPA prices for drinks will prevail and spot checks of night clubs and taprooms were expected to be made by price control agents. The Price Control agency has pointed out that ceiling prices on food and drinks have not been removed despite the end of food rationing.

Night club operators had small supplies of novelties for the first peace time New Year's celebration in five years but most operators were content that the spirit of the occasion would be sufficient for most revelers.

Local fire ordinances against inflammable decorations were slated for rigid enforcement to prevent disastrous fires and possible casualties such as marked a celebration several years ago in Boston.

Concerning Austria, Sforza had this to say:

"Giving the Tyrol to Austria is to sugar-coat them and would be greatly lolly. Austrians are Germans and will want to reunite with Germany within ten years.

"I married an Austrian and I am unpreserved but I can see reality.

"Most of the rape and burnings in northern Italy were committed by Austrian Nazis."

He described Germany as a "tamed hyena," only waiting for her masters to quarrel before leaping again, then continued:

"That's why the unification of Europe is of the direct necessity, notably, an understanding among Italy, France and Yugoslavia.

"If the Swiss were able to unite three nationalities democratically, why can't we all?"

Sforza saw President DeGaulle, discussed French-Italian relations with him and the possibility of a close alliance, even a treaty.

lem and to make certain recommendations. Congress undoubtedly will watch any moves with the closest attention.

President Truman was scheduled to meet Secretary of State James F. Byrnes soon after his arrival in Washington today from Moscow. The president is en route from the weekend on the Potomac River. The White House announced that Mr. Truman spent the night on the yacht, Williamsburg anchored off Mt. Vernon Va.

Secretary Byrnes is expected to board the yacht at Quantico, Va.

President Works On Report

The president is expected to arrive Friday morning at the capital late Friday from his four-day Christmas holiday in Missouri. He left three hours later on the cruise which will be devoted chiefly to work on a radio report to the nation Jan. 3.

Official sources disclosed that the presidential yacht, Williamsburg, probably will stop somewhere along the river, possibly at Quantico, Va., to pick up Byrnes.

Meanwhile, results of the Moscow meeting which Byrnes believes was successful, gave rise to the conviction that another foreign ministers conference will be held in Washington next spring.

Before leaving for Russia, Byrnes said that he would make such a proposal. It was believed, since other problems remain to be solved and still more undoubtedly will arise in the future, that he won this point.

Shooting In Apartment

The shooting took place in Fort's Manhattan apartment, which the Millers were sharing only when one of them was out of town. Miller came in at 1 a. m. and found his wife, Dale, his sister-in-law, Frances Haucock, and Arthur Gormley, a merchant marine cadet who had a date with Frances.

According to police, the Millers already had agreed to separate. But the sight of the happy, pinched-out group in his wife's apartment seemed to have snapped something in the mind of the Signal Corps officer.

Rev. Paul F. Elliott To Dedicate Church

Pilgrim Holiness Church On Neshannock Avenue To Be Dedicated At Sunday Services

After renting various properties for a number of years as their place of worship, members of the Pilgrim Holiness church have secured a building at 327 Neshannock avenue, which they have remodeled and added on 36 feet to meet the needs of the congregation.

Rev. Paul Elliott, superintendent of the Pilgrim Holiness churches of the Pittsburgh district and former president of the Pilgrim Bible school of Pasadena, Calif., will be in the city Sunday to dedicate the new church to the work of the Gospel.

Special services will be held to commemorate the occasion with a program beginning tonight at 7:45, continuing through Sunday with meetings to be held at 11 a. m., 2:30 p. m. and 7:45 p. m. Rev. Elliott will address all the services, bringing his dedicatory address Sunday at 7:45 p. m.

The meetings will come to a climax on New Year's eve when a Watch Night service has been arranged which begins at 9 o'clock. Special speakers will appear on the program, which will include Gospel music to be culminated by Rev. Elliott's message.

For the past few months, members of the Pilgrim congregation have been busy renovating the former dwelling which has been transformed into a church edifice which will comfortably seat 200 people. Sunday school rooms have been added to the upstairs of the house of worship, of which Rev. Clifford L. Duncan is pastor.

WASHINGTON REPORT

(Continued From Page Four)

things of war. Melt down the guns. Scrap the ships and planes. Get the men out of uniform. Scrap everything. If I could write a national theme song, I'd call it "Scrap It!"

"Scrap It!" would be a more topical note than "The Star Spangled Banner."

"While we're saying 'Scrap It!' out of one side of the mouth, we're planning on the other side of the next world war. We keep saying that the Russians, the Argentinians, the Filipinians and most of the other peoples of the world are itching to fight us. Does this make sense? I ask you—does this even begin to make sense?"

"How do we expect to combat these enemies we insist are at our doorstep if we disband our Army, blow up our Navy, sink our merchant ships which carry our goods and give away our money?"

Unsuccessful Meddlers
"I'm convinced we are the most inconsistent human beings ever put on this earth. . . . I didn't want the United States to get into the world war. They thought this country should mind its own affairs. Stop making excursions into the domestic affairs of European politics. Labor leaders of Europe are successful meddlers. However, once we begin to meddle, we should be prepared to see the thing through. You can't see the thing through abroad now without an army to back up your words. Yet when some disgruntled soldier appears before Congress and says that the Pentagon, Boy Scouts are keeping men in service because the officers want to hold their wartime rank, the uproar starts again. 'Get the boys home!'"

"I wouldn't hurt to keep some of these new draftees away from mamma and the girls for another year longer."

"But we aren't doing that. We are leaving our gains unprotected, at the mercy of any marauder. Six months ago we were the world authority on peace and war. We could go where we wanted to go. Create what we wanted to create. Our voice was respected. Our favor sought. Soon we shall have no Air Force. No Army. No Navy to back up our international demands. We'll be where France is. Nobody seems to mind, but Washington is shipping more than the ice which covers her streets."

Washington is indeed a funny place. For suddenly our anger over the country's "Scrap It!" program vanished. All of us were laughing over our own amusing ways and thanking heaven that since all human beings were idiots we had the good luck to be the American kind.

All of the five sugar factories in Wyoming are located in irrigated districts.

Methodist Youth Watch Night Rally

New Castle Sub-District Young People To Watch Old Year Out And Welcome New

The Methodist Youth Fellowship of the New Castle sub-district will hold a Watch Night rally and worship service at Epworth Methodist church, East Washington street and Butler avenue, Monday, Dec. 31. The rally will begin at 9 o'clock and will end shortly after midnight.

The program, as announced by Rev. George Braun, will include community singing, a religious motion picture "Abraham and Isaac," which is in technicolor and sound, a period of recreation and a worship service.

The Methodist Fellowship of the Italian Methodist church will be in charge of the worship service beginning at 11:30 o'clock and the closing consecration service will be in charge of the minister of Epworth church.

The motion picture, which will be shown about 9:30 o'clock, is a new release and is one of the better productions of recent months. Methodist Fellowships from the neighboring churches of New Castle will be in attendance at this rally.

The service of consecration is a part of a nationwide observance that is being conducted by the Methodist churches throughout the United States in preparation for the Crusade for Christ in Evangelism.

Plans Progressing For LeTourneau Meet

With the appointment of Rev. C. R. Thayer, pastor of the Third U. P. church, East Washington street, as publicity chairman, plans are rapidly progressing for the appearance of Robert G. LeTourneau, prominent Christian business man and industrialist of Peoria, Ill., who will speak in the city on January 12 and 13.

Mr. LeTourneau, who appeared on the famed Ripley "Believe It Or Not" program, revealed on that program how he "turned his business over to God" as he put it, and he has been letting that he has taken over in Peoria, Ill.; Toccoa, Ga., and Stockton, Calif. Ninety per cent of the profits of the LeTourneau business are turned over to church institutions.

The well known manufacturer, who will fly to the city in his private plane, will address the youth group at the First Methodist church, Saturday, January 12, at 8 p. m., and a mass meeting in the Cathedral Sunday, January 13, at 2:30 p. m.

EPWORTH CHURCH ON RADIO HOUR

Regular radio hour of the New Castle Ministerial association will be conducted tomorrow afternoon at 3:30 over Station W. K. S. T. by members of the Epworth Methodist church.

Rev. George R. D. Braun will speak on the subject "Living in the Future."

TEETH

Teeth are among our most valuable possessions. Good teeth help to keep us healthy and comfortable. A baby's teeth are pretty well developed before birth. The diet of the mother seems to have considerable influence on the baby's teeth. She needs plenty of milk and sunshine.

The teeth of children should be inspected frequently. Cavities should be filled as soon as possible.

Baby teeth or milk teeth or first teeth are just as important as second teeth.

We do not know very much about the prevention of tooth decay. The best we can do is to get the help of the dentist.

Color Films Of Mission Work In India To Be Shown During Evening Service

Dr. D. Emmet Alter, of India, has been invited to show his motion picture films of life in India as seen through the lens of a missionary's camera, tomorrow evening at 7:45 in the Second U. P. church, County Line at Milton streets, Rev. J. Calvin Rose, the pastor, announces.

The motion pictures have been shown from coast to coast in this country by Dr. Alter, who has been invited to show the color films here.

In 1916, Dr. Alter first went to India where he served in various fields of service for the United Presbyterian church. He has worked not only to increase the churches of India, but has had large experience in the field of education. The pictures will be shown during the regular evening service.

See New Effort To Get Authority For Labor Panels

G.M. Withdrawal From Fact-Finding Probe May Speed Legislation In Congress On Issues

WASHINGTON, Dec. 29.—(INS)—General Motors' withdrawal from proceedings before a government fact-finding board was expected today to reinforce the administration's appeal to Congress to clothe such panels with statutory authority. Congress declined to act on President Truman's request for such legislation prior to the Christmas recess, but the chief executive plans a radio appeal to the nation next week in behalf of his labor and other legislative proposals.

May Cite Refusal
The President may cite the refusal of GM to participate in the fact-finding hearings because of the panel's decision to go into auto prices and profits in deciding the CIO-UAW demand for a 30 per cent wage boost.

General Motors branded introduction of the "ability to pay" factor in a wage case as "revolutionary," but Mr. Truman has said that he considers earnings a relevant issue.

The corporation, whose plants are closed in a five-week-old strike of nearly 200,000 workers, said the measuring of wage increases against ability to pay was a question of national policy to be determined by Congress. GM said it would not voluntarily blaze such a trail.

Hearings before the three-man board, headed by Lloyd K. Garrison, chairman of the War Labor board, were expected to conclude today with the windup of the union's presentation. President Truman originally asked for a report from the panel by next Thursday, if possible.

Because of the fact that Tuesday, the regular meeting date of the club, falls on New Year's Day, there will again be no meeting next week. Next meeting will take place January 8.

British Delegation Coming January 1 For Palestine Talks

WASHINGTON, Dec. 29.—(INS)—Michael J. McDermott, special assistant to the secretary of state, announced today that the British delegation to the Anglo-American talks on Palestine will arrive in New York January 1.

The party sailed from England aboard the Queen Mary yesterday. The talks are to begin in Washington January 7.

McDermott said thus far the State department has received 18 acceptances from representatives of various organizations who desired to testify before the conference.

The acceptances included Zionist, Baptist and other Christian groups as well as representatives of the Arabs.

OLD SWEATER MAKES GOOD LOOKING JERKIN

Good sweaters may have many lives. When a sweater is faded or worn in spots, use it to make some other warm garment.

If the sleeves are worn through at the elbows or if the sweater is stained or worn at the underarms, there are several uses for the good remaining parts. The sleeves and the worn out sections may be cut out and a dickey made to wear with a suit.

Another possibility for a worn sweater is to use it for a jerkin to wear over blouses or a dress. Cut out the sleeves and underarm sections and finish them with blanket stitching or a row of single corset. Shoulder pads may be worn with it to give a new effect.

A faded and worn cardigan sweater may be made into an attractive vest. Use or tint the sweater and re-block it before cutting. Remove the sleeves and finish the armholes and neckline with the buttonhole stitch, using yarn in a contrasting color. With bright colored yarn, embroider a design on the front.

The sleeves cut from old sweaters may be used to make mittens or caps. The yarn may be revealed and used for decoration or finished on the new garment. Or the raveled yarn may be used to crochet or knit a belt, decorative bows, or a cap.

When working on knitted fabric, whether hand or machine knit, it is wise to take precautions against raveling and stretching out of shape. Stitch by machine close to the edge of the recent piece to catch all stitches which may run, then cover the raw edges with blanket stitch or single crochet in matching or contrasting yarn.

The great American BOTTLENECK . . .

FAMILY LIFE in a one-bathroom house can become pretty complicated. The daily scramble to get father shaved and the children ready for school frequently results in ruffled tempers and slighted breakfasts—a poor beginning for the day!

If you are planning to modernize your home or build a new one, be sure to consider the advantages of an extra bathroom. The convenience and comfort it brings to family living far outweighs its initial cost. And, since water costs so little, you'll scarcely notice the "upkeep" on your water bills.

Huge Rubber Supply To Be Needed In '46

AKRON, O., Dec. 29.—(INS)—John L. Collier, president of the B. F. Goodrich company and rubber adviser to the State department, said today that America's rubber industry during 1946 will be devoted mainly to catching up with civilian needs.

Estimating that the nation next year will consume 900,000 tons of raw rubber—a new all-time high—Collier said that only 300,000 tons of it would be natural rubber and the balance synthetic.

He predicted that the continued shortage of natural rubber would hold off the out-and-out competition with synthetic materials until 1947.

"It is impossible," Collier declared, "to forecast accurately what the exact performance-price balance between these materials will be when that time is reached."

Steel Chairman Hopes For '46 Peace

PITTSBURGH, Dec. 29.—(INS)—A hope that 1946 may see the dawn of industrial peace and ease an impending nationwide steel strike, was expressed today by Irving S. Olds, chairman of U. S. Steel's board of directors.

In a year-end statement, Olds asserted:

"During the war no project was held up or abandoned because of lack of steel.

"Now, in the era of peace ahead, the nationwide steel strike clouds the horizon.

"It is hoped that the same unity of purpose and determination to meet and solve problems in a manner fair to all parties, which prevailed during the war, will carry over into the new year, and will lead to sound and constructive solution of this difficulty."

CHapel wedding planned
PITTSBURGH, Dec. 29.—(INS)—The wedding march was scheduled to resound January 11 for the first time in the Helm Memorial chapel on the University of Pittsburgh campus when Miss Jean Eddy and John C. Szwed, both of Pittsburgh, say "I do."

The ban on weddings in the chapel will be lifted January first.

Catholic Sodality Elects Officers

St. Joseph's Sodality met Friday evening, December 28, in the basement of St. Joseph's church, with Rev. John M. Unger giving the opening prayer.

A discussion of the film, "Queen of Broadway," sponsored by the sodality took place followed by an open floor discussion on using the misal at holy mass.

Installation of new officers took place with congratulations being conveyed by retiring members. Those installed were: prefect, Barbara Mariacher; vice prefect, Dorothy Weaver; secretary, Elizabeth Helley; treasurer, Mary Agnes Poy; delegate, Eucharistic committee, Eleanor Klaber; Our Ladies committee, Catherine Tammello; Apostolic committee, Eleanor Wilkovich; Catholic truth committee, Mary Helley; publicity committee, Dorothy Weaver; social, Rita Leonardo.

The sodality held its Christmas party on December 23 in the church basement with games being played. Prizes went to Catherine and Jean Tammello and Elizabeth Helley. An exchange of gifts and dancing took place during the meeting.

Office Employees Hold Annual Party

Johnson Bronze Force Enjoys Eighth Annual Affair In The Castleton Hotel

Office employees of the Johnson Bronze company enjoyed their eighth annual Christmas party in the Castleton hotel Friday night, with about 200 in attendance.

The party this year consisted of a dance, a floor show and a lunch at midnight. Harry Powell was the master-of-ceremonies for the floor show and brought on some excellent acts. One in particular, a trained dog act, was as clever as any animal act has been seen here for some time.

There was a pleasant air of informality around the entire evening's program and the pleasure of the men and women present was apparent.

District Attorney Will Give Up Job

CARLISLE, Pa., Dec. 29.—(INS)—The resignation of Cumberland County District Attorney Mark E. Garber, effective January 1, was before Judge Fred S. Reese today at Carlisle.

Garber announced about a month ago that he would relinquish the post so that a returned veteran could be named to the \$3000-a-year job. Dale F. Shughart of Carlisle, recently discharged after 45 months in the army, was expected to be named to the post. Garber has been district attorney since January.

SLEDDER KILLED

NEWPORT, Pa., Dec. 29.—(INS)—Nine-year-old Richard Aull of Newport was instantly killed last night when a truck backed over him as he was sitting on his sled in a main street at Newport.

Perry corner J. Edward Book said death resulted from a crushed skull.

Safety Director Places Blame For Lawlessness

PITTSBURGH, Dec. 29.—(INS)—Blame for the recent lawlessness in Pittsburgh today was laid directly on the doorstep of the steel city's citizens by Safety Director George A. E. Fairley.

Fairley, who refused to call the recent outbreak of thefts, burglaries and purse snatching a crime wave, blamed persons who left windows open, doors unlocked and carelessly handled money and purses in public for the increase of crime.

The safety director warned that unemployment and an inadequate police force would result in a greater number of crimes in 1946.

Seek To Speed Up Sugar Shipments

PITTSBURGH, Dec. 29.—(INS)—Dennis L. Loughman saw the advantages in air express when he served the Flying Tiers in the China-Burma theater.

And today he has an application on file with the Public Utilities Commission to open a passenger and express airline of his own throughout western Pennsylvania.

Loughman, who at present operates a trucking concern from Waynesburg to Pittsburgh, is seeking to speed up service between coal mines in Green county with other points in the coal areas.

If permission is granted, Loughman will use several two-passenger planes and will operate from the Waynesburg airport.

Loughman's plan is the first to commercialize aviation using small planes in western Pennsylvania.

FAMOUS ARTIST TAKEN BY DEATH

BOSTON, Dec. 29.—(INS)—Funeral services will be conducted Monday for Dr. Charles Jay Connick, 70, world-famed stained glass artist and creator of the Rose window in the Cathedral of St. John the Divine, New York. Dr. Connick died Friday at his home.

Dr. Connick was largely responsible for making Boston the ranking center in the world in the creation of stained glass windows. His work is evident in the windows of cathedrals and churches all over the nation.

He was a native of Springboro, Pa., a small town near Pittsburgh. Family finances forced him to seek work at an early age and he found it in Pittsburgh as an apprentice-illustrator.

His work soon led him into stained glass study and by 1913 he had established his own shop in Boston.

He was the author of many books and essays on stained glass creation.

Editorial Comment On G. M. Withdrawal

(By International News Service)
Editors in Detroit, center of the General Motors-United Automobile Workers, CIO dispute agreed that the corporation's withdrawal from the government's fact-finding meetings is a prime economic problem calling for congressional action.

The Detroit News stated that "the position the corporation has taken is one that congress well may find persuasive. Though the president's view of the role to be played by ability to pay is considerably more limited, as stated, that the union would have it if it were easy to show that wage determinations in the light of that factor may be equivalent to government regulation of profits."

The Detroit Free Press said G.M.'s defiance of the president's demand to open its books bring a fundamental economic issue into the open. "The question is no longer one over a wage scale but over a broad general principle as to how far the union may move into the conduct of management. It involves big business, with its ability to pay, and little business with its inability to pay."

Philadelphia Inquirer—"What the union seems to desire is a fishing expedition to disclose General Motors' financial plans and calculations which are subject to change. Then it wants the fact-finding board to attempt the task of analyzing those complicated figures and making the decision, instead of leaving it to the management."

"From such a proceeding it would be but a step to government regulation of profits, in addition to that now afforded by rigorous taxation, and eventually to complete government management and control of business."

Philadelphia Bulletin—"If wages go up with profits, there is an equitable case for their going down as profits sink or disappear. . . . It does not seem in the province of any federal agency to fix a universal formula for the computation of a just wage."

Harrisburg Evening News—"If fact-finding were the cure-all for industrial disputes, as some claim it to be, all persons could rejoice and President Truman be guaranteed a high nine among presidents. "To gain an increase from the largest, most efficient and most productive company in a given industry, and then apply that increase

arbitrarily to every company, large and small, would have an unhappy effect. "And the effect would be as unhappy on labor and hoped-for full employment as it would be on the manufacturer who wouldn't even meet his added labor costs and still meet competition and break even."

Report 5,000 Jews Are Under Arrest

LONDON, Dec. 29.—(INS)—The Daily Mail said today 5,000 Jews had been arrested in Jerusalem and Tel Aviv following the latest terrorist outbreaks in the Holy Land. With prisons jammed, hundreds were taken to military camps by the British.

Reuter reporter that the curfew clamped on Jerusalem's central section after some 10 persons were killed and 13 wounded in Jerusalem. Jaffa and Tel Aviv would be lifted during the daylight hours tomorrow. Large military units were concentrated at the chief trouble points in Jerusalem and the all-Jewish city of Tel Aviv, with the British apparently determined to suppress the outbreaks with the full strength of their Palestine garrisons.

Port Of Erie Is Facing Threat

ERIE, Pa., Dec. 29.—(INS)—The port of Erie was pictured today as threatened with loss of its entire wheat tonnage and 75 per cent of its coal tonnage if the St. Lawrence waterway goes through. James Shields, executive secretary of the Erie Chamber of Commerce, told International News Service in predicting a shipping outlook for 1946.

"If we have the same things to contend with in 1946, we'll get along. Erie, at present, is a big midland export port. If, however, the St. Lawrence waterway goes through, we will lose 75 per cent of our coal tonnage and all of our wheat tonnage."

Miami Air Circus America's First Bid For Air Supremacy

Foreign Air Attaches To Be Guests
At Giant Military And
Civil Show

WASHINGTON, Dec. 29.—(INS)—Plans neared completion today for America's first major bid for post-war world air supremacy through a civilian and military "air circus" in Miami, Fla., next week.

Thirty civil and military air attaches representing Latin-American nations, Canada and Australia will be special guests at the demonstration scheduled for Jan. 4, 5 and 6. The entire air show obviously was designed to focus international attention on the opening in Miami of a gigantic government auditorium for surplus war aircraft and parts.

A feature of the air show will be a concentration of more than 2,000 private planes which already have begun converging on Miami from all parts of the country.

The flight was sponsored by an oil company in an effort to demonstrate the importance of private flying from a mass transportation angle.

The surplus aircraft showroom is said to be the largest of its type in the world. It was designed to entice foreign buyers to purchase American planes and parts no longer needed for war.

The demonstration has been given impetus during the past few weeks by Great Britain's bid for air-bus business on South America and elsewhere.

Social Register Goes Up In Smoke

DETROIT, Dec. 29.—(INS)—Editor Mary W. Dillon frantically began work today on a new edition of the Michigan social register. The names of 4,000 socialites went up in smoke yesterday at the Typograph company. The 1946 edition had been completed, including proof in blue ink, and the entire edition must be re-set and re-printed. Socialites pondering who to invite to their soirees must depend on the 1944 edition until Editor Dillon can complete her task.

BESSEMER YOUTH IN PLANE CRASH

Daniel Kashubara, aged 19, of Bessemer and Miss Muriel Baring, aged 15, of R. D. No. 1, Canfield, Ohio were injured in a plane crash on the Canfield-Palmyra road, 3 1/2 miles northwest of Canfield, at 2:45 p.m. Thursday.

Kashubara, who suffered lacerations in the crash, had served in the army air forces and had hoped to become an aviation cadet, bought the plane recently.

His companion, received a fractured skull, concussion of the brain, and a fractured left arm and left leg.

RUSSELL BATTLE HOME FROM NAVY

Russell Battle, Ph. M. 2-C, has received his honorable discharge from the Navy at Terminal Island, California, after two years of service.

Ph. M. Battle was last stationed at the Naval Hospital at Corona, California. Accompanying the discharged naval veteran back to New Castle from California were his wife June and young daughter, Donna, who have been with him at Corona. The family plans to take up residence in this city again.

Oyster spawning usually begins early in July in New England, when the water temperature is from 65 to 70 degrees F. The female oyster may produce from 15 to 114 million eggs at one spawning, and as she may spawn repeatedly throughout a season, the total number of eggs produced in a summer may amount to several hundred million.

HERE IS THE ISSUE

Is American Business To Be Based On Free Competition, Or Is It To Become Socialized, With All Activities Controlled And Regimented?

General Motors has faced what it believes is a highly critical issue. It has made its decision. It is important that the public understand the issue. The issue at stake transcends the interests of General Motors. There is involved something far more consequential—a most vital principle.

Is American Business in the future, as in the past, to be conducted as a competitive system? or is the determination of the essential economic factors, such as costs, prices, profits, etc., upon which business success and progress depend, to be made politically by some governmental agency instead of by the management appointed by the owners of the business for that purpose?

America is at the crossroads! It must preserve the freedom of each unit of American business to determine its own destinies, or it must transfer to some governmental bureaucracy or agency, or to a union, the responsibility of management that has been the very keystone of American business. Shall this responsibility be surrendered? That is the decision the American people face. America must choose!

General Motors has made its choice. It refuses to subscribe to what it believes will ultimately become, through the process of evolution, the death of the American system of competitive enterprise. It will not participate voluntarily in what stands out crystal-clear at the end of the road—a regimented economy. If this is what the American people want, they must make that choice through their accredited representatives in Congress. General Motors declines for itself to take such a great responsibility.

It may be said that this is an exaggeration. It is not! All business questions are interrelated. Costs, prices, wages, profits, schedules, investments must be the responsibility of management. Political determination of such relationships means regimentation.

The idea of ability to pay, whatever its validity may be, is not applicable to an individual business within an industry as a basis for raising its wages beyond the going rate.

Consider the implications of such a principle. Who would risk money to develop or expand a business under such circumstances? Where would be the incentive to do a more efficient job? Would it be intelligent to destroy the incentive for efficiency? Would it not be more intelligent to subscribe to the principle that no one should be forced to pay more than the going rate? Should General Motors, assuming it is more efficient, be required to pay more for materials, for transportation, for services or for wages than its competition? And how much more determined by a political governmental agency?

Do you subscribe to the belief that you should pay for what you buy or the services you use on the basis of your financial resources? It is clear that this is the principle involved.

The President of the United States has appointed a Fact-finding Board to inquire into the circumstances involved in the demands of the UAW-CIO upon General Motors and to make recommendations related thereto. General Motors stood ready to supply the board with all necessary data regarding wage rates, employee earnings, hours of employment, and all other relevant information regarding wages and employment, however, the board has ruled that General Motors' ability to pay will be considered as a factor in determining an increase in wages. This would require an appraisal of costs, prices, prospective volume of business, investment factors, expenses and the entire forward operating program of the business, thus the board would assume the most vital functions of management.

General Motors is not contending that it has or has not the ability to pay. It always has paid liberal wages. It has attempted through protracted collective bargaining sessions to determine what is fair and equitable today. It has made a fair and liberal offer to the union.

Notwithstanding the importance of re-establishing employment and resuming production at the earliest possible moment, the above reasons have made it impossible for General Motors to participate in the proceedings of the board under the procedures as now established, and it has therefore withdrawn from the hearings. It takes that position with great regret, but it does so in the sincere belief that this action is in the long-term interest of employees, consumers, investors, and of the public as well—and of higher standards for all.

More Losses By Theft From Fire Scene Reported

Looters Take Clothing And Other Articles From Occupant Of Apartment Police Learn

In addition to over \$300 worth of tools and accessories taken from the Bryan Motors Sales Company, a similar loss was reported to police by Harry W. Clements, who resided in this apartment at 32 1/2 South Mercer street, adjoining the A and P Tea Company store, which was

gutted by flames early Friday morning. The theft of clothing, a radio, vanity case, woman's purse, watch, and other valuables, totalling almost \$300 was reported to the police by Mr. Clements.

It was reported to police that one of the persons who broke into the Bryan Motors Sales Company suffered a severe laceration of the hand.

M. J. Coven, of Youngstown, O., district office manager of the A and P Tea Company was here today checking on the fire loss and looking over plans for future operations here.

So far, no temporary location has been secured, and the company's plans for the future are unsettled. All employees of the company will be taken care of, Manager Joseph D. Smith states and they will not lose their wages because of the blaze.

Ellwood Trims Union, 40 To 10

"Scotties" Outclassed As Wolverines Romp To Sixth Straight Win

BEAVER FALLS LEAGUE OPENER

ELLWOOD CITY, Dec. 29.—Ellwood City's rampant Wolverines toiled with an outclassed Union High aggregation last night as they romped to a 40 to 10 win, their sixth straight for the season. The Gills men haven't been defeated since their opening game.

Doughty Rolls On
As usual, big Joe Doughty, Ellwood's peerless center, was the core of the tornado that swept through the opponents. The rangy lad hit the hoops for a half dozen field goals and three foul shots for 15 points.

So completely was the "Scottie" attack smothered that they could score but one field goal throughout the entire tilt. Byers, a substitute center, getting that one. The Patterson men only had four points going into the final frame.

Open In Section III
After a brief rest the Wolverines will play the bid off their league schedule January 4, when the Beaver Falls "Tigers" invade the Lincoln gym for a Section III encounter.

The Ellwood reserves slaughtered the Union "Jayvees," 32-15, in the prelim.

Shenango Laces Mars High 43-21

C. Tanner And Mayberry Pace Shenango To Win Friday Evening At Mars

(Special To The News)

MARS, Dec. 29.—Shenango High, one of the "hottest" teams in the Lawrence County area, and potential Section 21 winners, this year, came here last night and thumped Mars High 43 to 21 in a rough battle.

Leading the Shenango offensive attack was Charles "Lefty" Tanner and his "straw" Mayberry, with 12 and 14 points respectively, for the Eddie Nabis coached juggernaut.

Shenango Grabs Lead

The Shenango Wildcats grabbed a 7 to 6 lead the first period and were ahead at halftime 20 to 3. The Mars boys falling apart. In the third period Shenango got 13 more to seven for the locals to lead 33 to 15, and in the final stanza the Lawrence Cougars flipped in 10 more to six for Mars. Paul Tanner's line passing of the ball and Jack Badger's defensive play at guard, aided Shenango to quite an extent.

Meet East Brook Next

In the prelim Shenango won over Mars Reserves 27 to 13. The Shenango team will be idle till next Friday playing East Brook at East Brook in a Section 21 engagement.

New Castle High Kentucky Derby Tops Har-Brack In Thriller 32 To 31

Fourth Quarter Spurt Wins For New Castle After Trailing For Three Periods

MONESSEN HIGH HERE TONIGHT

It's getting to be a habit with New Castle High school basketball team to pull games "out of the fire" and last night proved no exception. New Castle edged Har-Brack High at Har-Brack by a 32 to 31 score to rack up its fourth win of the season and its second in the last two starts both by one point.

A field goal by Dick Whitaker in the final ten seconds of play won the game for New Castle, after Har-Brack had taken the lead at 31 to 30 by making a foul.

Black had tied the score at 30-30 with a foul only seconds before Whitaker's winning shot.

Tonight New Castle will be back on the hardwood court at George Washington gym to battle the Monessen High Greyhounds. The preliminary game will find the Mt. Jackson High quintet meeting the New Castle High Reserves at 7 o'clock. It was announced by Faculty Manager Ralph H. Gaudin.

Monesen High last night defeated New Castle High 32 to 31 at the end of the third session. In the final period Mercer dumped in eight more to four for the Elder coached machine and romped off with a ten-point victory, in the last half.

Peters Leading Scorer

Peters with 15 points was the leading scorer in the game, while Weaver of Mercer had nine, and Shaffer and Miller eight each for New Wilmington. In the preliminary game the Mercer Jayves defeated the New Wilmington Jayves 38 to 20. New Wilmington will play at Sandy Lake next Wednesday. Coach Elder announced.

Marich Has Big Night As Indians Bury Plum Township Under Heavy Score

(Special To The News)

WAMPUM, Dec. 29.—Wampum High school's Indians swamped on the war paint and went on the war-path last night as they buried a visiting Plum Township five under an avalanche of field goals, winning, 63-23. In winning the preliminary tilt, 55-34, the Henonmen ran up the amazing total of 119 points for the evening.

Marich-Capallo Shine

The combination of Edna Marich and Joe Capallo ran too much for the Plum cagers. Marich swished in 10 field goals and 3 foul shots for 22 points, while "Jumpin'" Joe hit the rings for 6 field goals and 12 points. These two lads are battling for the county schoolboy scoring honors. Dave Kangas helped the Indians cause by collecting a cool dozen points for his efforts, with 5 two-pointers and 2 foul shots.

Score Details

The Indians scored in a jet-propelled plane in the opening cauldron, sinking 22 points and adding 9 in the second frame to lead at the half, 31 to 9. The massacre got worse in the last half as the Henonmen pumped through 18 in the third stanza and 14 in the wind-up period.

Plum had previously won seven of their last eight games and had a winning streak broken by Export. Next Friday, January 4, the Wampum brigade will start playing the games that count, opening their Section 21 schedule against Princeton High on their home boards.

Titans Play At Sharen Tonight

Will Meet Sharpville Team In Buhl Club—To Play At Akron Monday Night

NEW WILMINGTON, Dec. 29.—In the final warmup before their important test with the high scoring Akron University Zippers New Year's eve in Akron, Westminister College's Titans will meet the Deanean Raiders of Sharpville tonight in the Sharon Buhl Club.

The Titans can expect a tough scrimmage with the Raiders, formerly the Sharpville Merchants. The Raiders, composed of former outstanding high school cagers, are leaders of the Shenango Valley Industrial League.

Coach Grover C. Washbaugh has primed his squad with two scrimmages each day since the men returned Wednesday after a 10-day holiday rest.

Determined to stop the Zippers in his third attempt in the opposing territory, Washbaugh has been studying last night's action in the scrimmages trying to find the right combination to utilize scoring power which has been absent in the first three games. The Titans hold victories over Juniata, 61-50 and Carnegie Tech, 56-46, while losing to Oklahoma A & M, 45-23.

A probable shift in the starting lineup will have Fred Paine, tallest member on the squad at 6-foot 6-inches, taking over Jay Cochran's guard post to give the starting team added height. Dissatisfied over the team's handling of rebounds off the boards, Washbaugh has been using Dean Nelson, 6-foot 4-inches, at forward and the smaller Don Heddeson at guard.

The Titan mentor, assistant coach Melvin Heizer and the players are expecting to leave New Wilmington for Akron by automobile early Monday afternoon.

Sutherland Signs As Steelers Coach

Pittsburgh Pros Give Sutherland Five Year Contract As Head Grid Coach

(Special To The News)

PITTSBURGH, Dec. 29.—(INS)—Joe Sutherland Friday signed a five-year contract as coach of the Pittsburgh Steelers in the National Professional Football League.

In addition, team president Art Rooney announced that Sutherland, former University of Pittsburgh and Brooklyn Dodgers' football mentor, will become vice-president of the Steelers' organization.

Terms Withheld

Bell withheld terms of the contract but said it was the largest salary ever paid a local professional coach.

Sutherland also received an option to purchase a share of Bell's interest in the club which is jointly owned by Bell and Art Rooney.

The contract was signed at a luncheon held in Sutherland's honor.

Has Fine Record

Sutherland's record goes back to the days when he made a name for himself as a lineman at Pitt under Glenn S. Pope Warner. Upon graduation he coached Lafayette College and compiled an enviable record including several victories over the Warner coached team.

He was appointed as head coach for his alma mater when Warner left to take over Stanford and developed some outstanding Pitt teams including two Rose Bowl squads.

When the Panthers demoralized sports, Sutherland figured in a dispute with the administration which resulted in his resignation.

The term "demoralized" originated in the South, where mountaineers, seeking to avoid payment of federal taxes on distilled spirits, delivered bottles in the legs of their boots.

These two lads are battling for the county schoolboy scoring honors. Dave Kangas helped the Indians cause by collecting a cool dozen points for his efforts, with 5 two-pointers and 2 foul shots.

Score Details

The Indians scored in a jet-propelled plane in the opening cauldron, sinking 22 points and adding 9 in the second frame to lead at the half, 31 to 9. The massacre got worse in the last half as the Henonmen pumped through 18 in the third stanza and 14 in the wind-up period.

Plum had previously won seven of their last eight games and had a winning streak broken by Export. Next Friday, January 4, the Wampum brigade will start playing the games that count, opening their Section 21 schedule against Princeton High on their home boards.

NEW CASTLE NEWS SPORTS

Here And There IN SPORTS' LAND

WASHINGTON may have seven lefthanded hitters in the lineup at one time next spring. That'll force opposing managers to select the right man to hurl against 'em. Two of the better publicity jobs in the sports world, that at Notre Dame and that at director of the National League Service Bureau, will have new men at the controls next year. At Notre Dame, Maj. John V. Hinkel, correspondent for the New York Times and a graduate of Notre Dame, succeeds J. Walter Kennedy, who resigned to become vice-president of Scholastic Sports Institute in New York City. Arthur (Red) Patterson, who has been the National League Service Bureau chief, resigned to become publicity director and road secretary for the New York Yankees. His place has been taken by Charles Segar, a sports writer for the New York Daily Mirror for 13 years and a former president of the Baseball Writers' Association of America. Luck to all of you gentlemen.

Harold Wallace is an apprentice jockey, but one of the best of the youngsters now riding on the nation's tracks. Young Wallace, a Nebraska boy, rode his first winner last summer in the first race on the first mount he ever had and capped his consistent performance since that time by turning in five winners and one second in eight races at New Orleans Fair Grounds track the other day. Watch this kid go. Mark down the No. 1 comeback of the year, that of Albie Stolz, the Newark lightweight. Stolz has been fighting pro since 1937 and has been on the shelf after a seven-round kayo by Beau Jack. Since he began his comeback Stolz has won 10 in a row, his latest victory being a 10-round decision over George Hansford of Los Angeles. Stolz fought for the lightweight title in 1942, losing a 15-round decision to Sammy Angott.

Night baseball will be offered in Manila in January when the floodlights in the repaired Rizal stadium will be turned on for a game between the Manila Air Base team and another squad. Joe Stahn has awarded \$4,000 to each member of the Moscow Dynamo, one of Russia's leading soccer teams and \$6,000 to the trainer of the team. On January 3 all race horses loaded during 1945—any time—become two years old.

Garage Is Burned
On King Avenue

City firemen received a call from the home of George Vanus, of R. D. 2, King Avenue, at 6:25 p. m. Friday, stating that the garage was on fire, and B truck was sent to the scene by Fire Chief James E. Thomas.

The blaze had gained such a start, however, that it was impossible to save it, and it was virtually destroyed, with a loss of around \$200.

MARKET CHANGES
ARE IN FRACTIONS

NEW YORK, Dec. 29.—(INS)—The stock market today was primarily a device for trading in liquor shares. While practically the entire list milled along with fractional changes, the liquors went skyrocketing.

The enthusiasm for this section was based on the fact that good earnings would look much better next year with elimination of the excess profits taxes.

In the main industrial list, such leaders as Bethlehem was unchanged at 95½; U. S. Steel off 1-4 at 81 1-4 and the rails generally lower and utilities unchanged.

Service Center To Close December 31 After Long Service

Lounge Handled As Many As 3000 Servicemen A Month During War Years

Monday, Dec. 21, the USO Service Center in the Wallace block on the Public Square, will close its doors and finish a chapter in the city's war history.

Due to the paucity of servicemen and women in and about the city now, it was deemed practical to continue the center, but the official headquarters of the organization will remain with offices in the "Y" building.

Did Yeoman Work
During the war years the staff at the center did yeoman work entertaining the boys who came to New Castle seeking fun and lodgings. At one time over three thousand servicemen a month utilized the facilities of the center.

With the moving of the Deshon Annex from the city and the closing of Camp Reynolds, fewer and fewer soldiers were seen about the streets. Returning servicemen are urged to use the facilities of the Y. M. C. A., where every effort will be made to give them lodgings and assistance.

Beginning January 7, the USO rooms will be used as the headquarters for the Victory Clothing Drive, which is striving to accumulate 85,000 articles of used clothing in the county for the needy population of war-stricken areas throughout the world.

Coast Guard Shifts To Peace

Oldest Fighting Sea Service Will Begin Peacetime Era With New Year

With the dawn of the new year the United States coast guard will begin a new era as the oldest fighting sea service of the nation.

Rear Admiral Joseph F. Farley will take the helm as the new commander, with the rank of admiral. He relieves Admiral Russell R. Waesche, commander since 1936, who will go on the retired list January 1.

Within the first four months of Admiral Farley's term the coast guard will return to its former peacetime status under the treasury department. On November 1, 1941, the coast guard was transferred to the navy by executive order of the president for the purpose of closer cooperation on war operations.

Thus the smallest military service in the country, which has participated in every major war since its inception in 1790, will again concentrate its full powers on peacetime duties. They will include aids to navigation, lifesaving, air-sea rescue, marine inspection, ice-breaking and fire-fighting.

Local Soldier Hurt, Is Improving Nicely

First Lieut. James A. Dean, son of Mr. and Mrs. Paul C. Dean of Becker street, who is confined to a hospital in Camp Swift, Tex., is improving nicely. Lieut. Dean was struck by an automobile about a month ago, thus was unable to be home for Christmas.

Ice cream was first made in Italy during the 16th century.

Move To Shear Hirohito Of All Government Power

TOKYO, Dec. 29.—(INS)—A new Japanese constitution—stripping Emperor Hirohito of administrative powers—was submitted to the Imperial government by a group of prominent Japanese citizens.

There was no immediate official reaction to the new document which would leave the emperor in the position of a figurehead as participant at state ceremonial functions. The emperor's present prerogatives would be transferred to the Japanese diet under the proposal, which, of course, would have to be approved by Gen. Douglas MacArthur's headquarters.

The move to shear the emperor of his governmental powers came in the wake of an Allied announcement which declared that Japan's imperialistic "Tennō" system of rule had been destroyed.

Destruction of the age-old system which kept the masses in a feudal state was attributed to the Allied ban on state support to Shinto—the ancestor worship which defied the emperor and was blamed for Japan's fanatical ultranationalists.

The Allied announcement was somewhat at odds with political tendencies noted in Japan. Virtually all the newly-risen and avowedly "democratized" political parties back retention of the Tennō system.

RENO, Nev., Dec. 29.—(INS)—Mrs. Frances "Peaches" Browning Civelli was in Reno Friday when she said she will file a divorce suit against her third husband, Joseph Civelli, San Francisco department store executive.

Mrs. Civelli won nationwide attention in the 1920's when, at the age of 15, she married millionaire real estate man Edward W. "Daddy" Browning of New York.

She said she would file suit against Civelli "in several weeks" and would charge mental cruelty.

Mrs. Civelli denied she plans to marry again, explaining she is "just making history of one of my marriages."

FUNERAL SERVICES SUNDAY

John Lloyd Steckman, aged 53 years, of Ellwood City, will be buried tomorrow afternoon from the Van Gorder funeral home, Ellwood, following his death in Florida.

The deceased was stricken on Thanksgiving day with a stroke to which he succumbed last Sunday in a Duncraig, Pa., hospital.

Survivors include his widow, son John C. Steckman of Ellwood, and three grandchildren.

He leaves his widow and the following children of this district: Mrs. Opal Ferguson, R. D. 1, New Castle, and Mrs. Kathleen McKinney of Ellwood.

'Love Triangle' On Coast Causes Death Of Woman

Mrs. Ruby Clark, 24, Shot To Death By Wronged Wife Of Her Lover

*SAN BERNARDINO, Calif., Dec. 29.—(INS)—A "love triangle" slaying involving the same basic elements as the Menefield case in San Francisco occupied the attention of San Bernardino authorities Friday.

Mrs. Gwendolyn Wallis, 31-year-old mother of two children, freely admitted shooting to death her lover, Mrs. Ruby Clark, pretty, 24-year-old assistant physical education teacher at an exclusive girls' school in Glendora.

Husband Has Close Call
"My husband left me and our two children to care for ourselves," Mrs. Wallis told Sheriff E. L. Shay. "He said he was going to buy a truck but I suspected that he was with Ruby Clark."

The slaying occurred Thursday as Mrs. Clark sat in a car with Don Wallis, civilian guard at the Mira Loma army quartermaster depot.

Two shots were fired. One pierced Mrs. Clark's chest, causing a wound from which she died a few minutes later while Wallis held her in his arms. The other bullet pierced Mrs. Clark's left arm, fastened against Wallis' belt buckle and dropping into his watch pocket.

Advisory Council Moves To City Hall

Veterans' Council Office Will Open On Second Floor Of City Hall Thursday

Moving from the building which has been the U. S. O. headquarters here, the Veterans' Advisory Council's office will soon be located in the former office of Civilian Defense rooms on the second floor of City Hall, according to Jack Preston, executive secretary of the council.

Permission to use the room in the City Hall was granted by the City Council recently, and Mrs. Preston will be in the new office beginning Thursday, Jan. 3, to confer with veterans who information. The Assistance Council steers the veteran visitor. Council steers the veteran visitor. Council steers the veteran visitor.

A splendid lunch was served by the Girl Scouts social committee.

Overseas Girls Write To Mayor About Soldiers

YOUNGSTOWN, O., Dec. 29.—(INS)—Mayor Ralph W. O'Neill seriously considered today an advice to the "ladies" department in Youngstown to answer the 804 questions which he received from abroad.

A Belgian girl wrote the mayor asking him if it were advisable for her to marry a Youngstown man and come to America with him. She also appealed for other information on her father's reputation and profession.

"My father," she wrote, "is mayor of a small Belgian town."

Another letter was written by a French father for information on a Youngstown man who wished to marry his daughter. The father also inquired, "a marriage contracted in France, is it legal in the U. S. A.?"

Unfortunately for the two letter-writers, Mayor O'Neill did not know either of the two men.

Improved Devices For Amputees Of Recent World War

Vastly Improved Artificial Limbs Will Make For Normal Living

WASHINGTON, Dec. 29.—(INS)—Vastly improved artificial limbs were in prospect today for amputees of World War II.

A spokesman for the surgeon general's office revealed that a hand for dress occasions is being developed which would be difficult to distinguish from the ones lost on foreign battle fronts by American GIs.

The hand, now beyond the experimental stage, is complete with fine hairs and faint callouses for the appearance of naturalness.

Hope was expressed that the cosmetic features of the dress hand could be combined with a mechanical hand to afford the wearer benefits of both.

Another stride made in the War Department's program for the development of prosthetics is a strengthened ankle joint stout enough to withstand the additional strain brought upon it by vigorous young GIs.

The army officer making these disclosures demonstrated the superiority of the new ankle joint over the old. He said:

"Stronger artificial ankles are needed by the young war veterans who have years ahead of them of strenuous, tiring, and hard work. At the same time disclosure was made that a commission of surgeons, scientists and engineers is tentatively scheduled to leave the United States in February for observation overseas.

This commission will study and evaluate surgical techniques, and prosthetics to make sure that America has the best available and to take advantage of any possible improvement of limbs made by other nations.

Atomic Scientists Praise Agreement

CHICAGO, Dec. 29.—(INS)—The atomic scientists of Chicago issued a statement in praise of the agreement in principle of the use of atomic energy.

The plan to set up a system of inspection to forestall evasion of control was endorsed by the group, but a need for haste was emphasized.

The statement said: "The more time which is allowed to elapse the more difficult will it be to put the controls into operation."

The group says it represents 90 per cent of the scientists in the Chicago area who worked on the atomic bomb project.

NEW REDUCED PAYMENT PLAN

Wartime credit restrictions have been relaxed. Smaller payments now available except when certain district articles are involved. Down payment and home improvement loans for educational or business purposes and for medical dental, hospital and funeral expenses are available for 18 months. See chart:
